

Chinese Mobs Wreck Embassy, Beat 9 Americans

Violence Is Caused by Rioters Inflamed at the Acquittal of U. S. Sergeant

TAIPEI, Formosa (U)—Chinese mobs wrecked the United States embassy and other buildings, burned embassy cars and beat up at least nine Americans in a series of riots today. The Nationalist government imposed limited martial law tonight.

The rioters, inflamed over the acquittal of an American soldier by a U. S. Army court-martial for the slaying of a Chinese peeping tom, overran and wrecked even the Taipei police station.

They also smashed the offices of the United States Information Service and attempted to storm the headquarters of the U. S. military advisory group.

In Washington, Nationalist Chinese Ambassador Hollington K. Tong called on the State Department and expressed his nation's "profoundest regret" for the incident which he described as "awful." He said he felt the incident was "just an outbreak of emotion" and there was "no deep anti-American sentiment" in Formosa.

Nationalist police stood by without acting when a few hundred persons started demonstrating in front of the embassy. But this small crowd soon swelled to a mob of about 10,000 and an orgy of violence began.

Belatedly, the police moved in to stop the rioting and arrested a number of demonstrators. Their friends stormed the police station in an effort to free them.

Two Chinese rioters were killed when police opened fire during the attack on the police station. One

was identified as Wu Mei-pao, 28, a Chinese student from San Francisco. It was not definite, but he was believed to be an American citizen. Another student from San Francisco, Ling Kwei-chi, 22, was seriously injured.

Americans Removed Safely

The government tonight declared martial law in all areas where American installations and homes are located.

All Americans were advised to stay off the streets.

Those who were trapped in the embassy when the attacks started were beaten by the rioters. An embassy official reported later all were removed to safety. He said their injuries were not believed serious.

U. S. Ambassador Karl Rankin interrupted a holiday in Hong Kong and flew back here to take charge. Generalissimo Chiang Kai-shek headed back to Taipei from central Formosa. Foreign Minister George Yeh called an emergency cabinet meeting and then announced to the legislature Yuan (parliament) that the government had made an official demand for a new trial for the acquitted soldier.

The man whose case aroused Chinese anger, M. Sgt. Robert G. Reynolds, 30, of Colorado, and his family were whisked by plane to Clark Air Force Base in the Philippines. He was protected by U. S. military police from mobs which

Senate Group Bans Billboards On Road System

WASHINGTON (U)—A Senate Public Works subcommittee has voted to add another 7,000 miles to the proposed 41,000-mile interstate highway system.

The subcommittee also approved a program aimed at keeping the great interstate highway system clear of billboards.

The legislation—approved by the subcommittee Thursday—was sent to the full Senate Public Works committee. The vote on the highway extension was 7-0; on the billboards, 7-1.

The billboard section of the bill would provide extra aid to states which agree to limit billboards for 660 feet on either side of the highway system. The extra aid would amount to three-quarters of 1 per cent of the cost of the highway.

The highway extension—added to the bill as an amendment by Sen. Francis Case (R-S.D.) in a surprise move—would extend the period for construction of the entire system from 13 years to 20 years.

Case's amendment would provide \$2,200,000,000 annually for seven years beginning July 1, 1967 for the 90 per cent federal share of the cost of the additional mileage. Local governments would contribute the additional 10 per cent, as they do in the present program.

Sterling Physician Installed as President of State Medical Society

CHICAGO (U)—Dr. Raleigh C. Oldfield, Oak Park, was chosen Thursday night as president-elect of the Illinois State Medical Society.

Oldfield's term as president of the 10,000-member organization will begin in May, 1958. He will succeed Dr. Lester S. Reavley, Sterling, who was installed as president Thursday night.

Dr. Paul A. Dailey, Carrollton, was elected first vice president, and Dr. Patrick McNulty, Chicago, was named second vice president. Dr. Harold M. Camp was re-elected secretary-treasurer.

Reavley, in his inaugural address, warned failure "to satisfy all of the medical needs society can legitimately demand" will lead to socialized medicine.

"The medical profession must be prepared to face an all-out drive by some labor groups for national compulsory health insurance," he said.

Physicians, he added, should advise laymen in all matters of medicine and health and try to show them that doctors, too, want better medical care for all.

"Otherwise, future medicine will

Dr. Lester S. Reavley

be the medicine of socialism," he concluded.

The society's house of delegates adopted a resolution calling upon Gov. William G. Stratton to support a deficiency legislative appropriation of \$1,900,000 for the care of persons with tuberculosis where local tax funds have run out.

Legislature to Consider Speed Bill Changes

Conferees Remove Differences on Day, Night Limits

SPRINGFIELD (U)—The Illinois Legislature will reconsider its "rigid" speed limit bill for Illinois highways when it goes back to work Monday, this time with a 65 mile day and night limit for automobiles.

Gov. William G. Stratton, meantime, has signed into law his 248 million dollar bond issue proposal, aimed at providing funds to "catch up" on building needs at the state's mental hospitals and higher education institutions. The bond issue must be approved by the voters before becoming effective.

The speed bill, as passed by both the House and Senate, had set the automobile speed limit at 65 miles day and 55 miles at night. But a conference committee announced Thursday agreement had been reached on amendments which would remove the day and night differences in speeds.

The speed limit bill is a key measure in Stratton's highway safety program, and the governor's office reported Stratton would not object to the change. The bill went to conference committee when the Senate refused to approve some amendments to the bill put on in the House.

The basic change in the speed law from a "reasonable and proper" limit to a rigid mileage limit, remains but the conference committee changes would limit automobiles to 65 miles per hour day or night, heavy trucks to 50 miles per hour, and lighter trucks and buses to 60.

The bond issue proposal, which includes 86 million dollars for the University of Illinois, 81 million for mental institutions, 51 million for Southern Illinois University, and 40 million for the four state teachers colleges, will go before the voters at the November, 1958, election.

Stratton won legislative approval of the proposal despite objections that bond interest costs would be too high. The bonds would have to be sold at no more than 4 per cent and would have to be retired within 25 years.

Stratton also signed into law bills which would permit cities, with the approval of the governor, to annex state-owned areas adjacent to their city limits, and to permit several school districts to jointly establish a junior college to serve their districts.

Other bills signed into law Thursday will change the name of Northern Illinois State College at DeKalb to Northern Illinois University; permit prisoners to work out misdemeanor fines at the rate of \$5 a day instead of \$1.50.

Few Insurance Policies Cover Water Damage

Water damage losses running into hundreds of thousands of dollars in this area as a result of recent storms accentuate the need of insurance to cover these catastrophes, a local insurance broker suggested to The Register today.

Some consideration has been given to a government-supported insurance program the broker added, suggesting that insurance companies generally could not afford to underwrite the possible losses, due to the immense damage done by water.

Under present day insurance coverages, little or no protection is afforded against flood or rising water such as inundated this section of the country during the past few days.

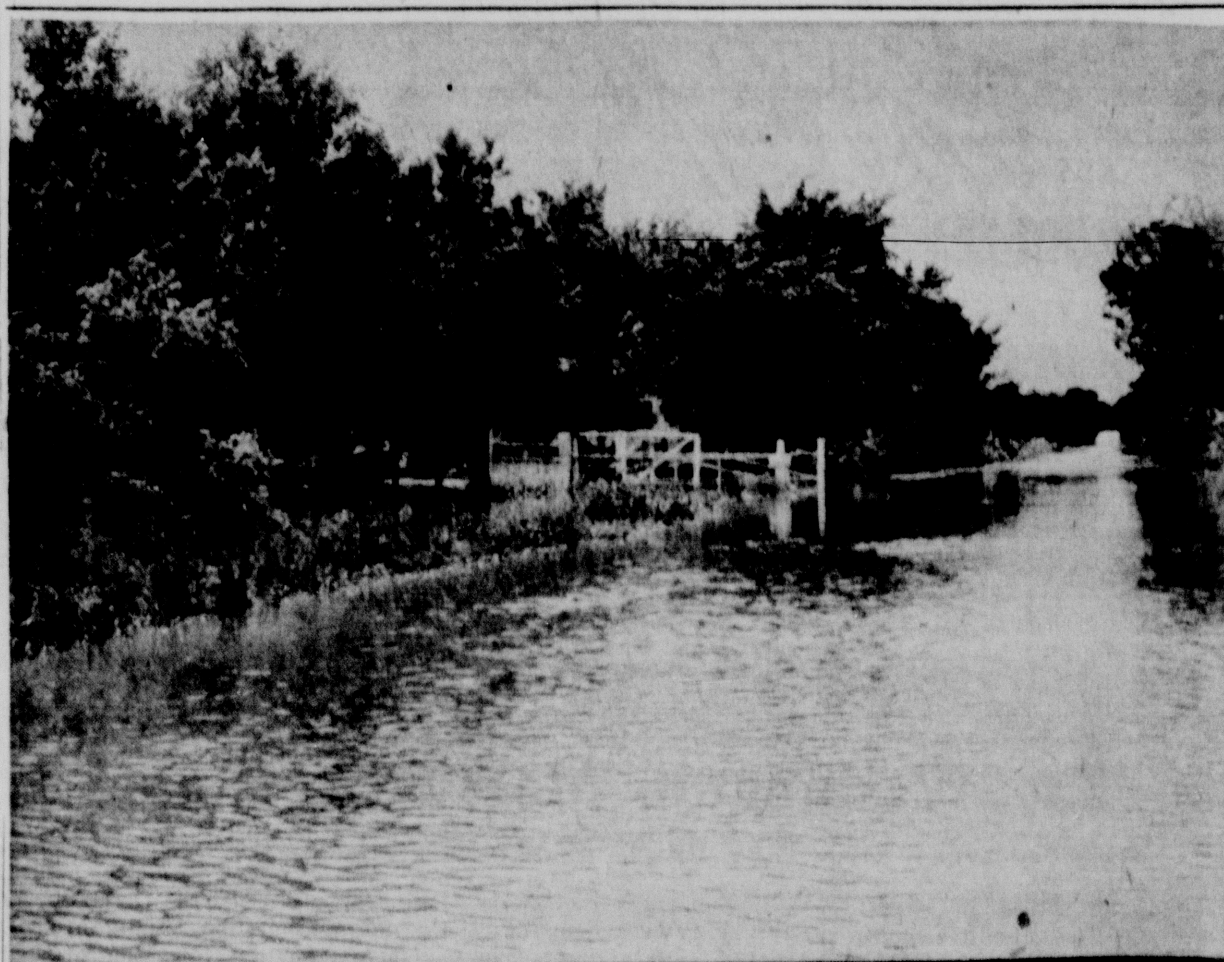

The only coverage against flood or seepage damage generally is for dwellings where owners have personal property floater, some types of homeowners policies or in some instances an Inland Marine mortgage form where furniture is bought on a budget plan.

For the most part, however, there is no coverage.

Generally, insurance policies cover damage from water only where windstorm or lightning causes an opening in a roof or wall, permitting rainfall to damage the contents.

Home owners who had property in basements, and stores especially, where merchandise reserves had been stored in basements, have suffered tremendous losses, due to actual flooding, or to seepage, the latter in many cases being worse than ever in the history of this area.

Mother Loses Bet She Would Repeat on Twins

NEW YORK (U)—A young mother of two sets of twins Thursday night lost a \$25,000 bet that she could do it again.

Mrs. Jean Blechman, 29, Freeport, N. Y., gave birth to a single—a boy—and now will have to pay Lloyds of London \$1,875.

Mrs. Blechman and her husband, David, 33, had a bet with Lloyds that the housewife would have a multiple birth. Lloyds insured the Blechmans for \$25,000 at 14-1 odds that she would not.

Lloyds won.

Firm Criticized

Grand Jury Finds No Federal Violation by Union Electric

SPRINGFIELD (U)—U. S. Dist. Atty. John B. Stoddard Jr. announced today a federal grand jury investigation of a \$35,000 lobbying fee paid by Union Electric Co. to a friend of former State Auditor Orville E. Hodge.

"I did not establish a federal violation," Stoddard said, however, strongly criticized Union Electric Co., a St. Louis firm, for its dealings with Browning.

He said it was his opinion and that of the Justice Department criminal division that "the Union Electric Co. had purposely set in motion the chain of circumstances which they knew, or should have known, would accomplish precisely that which, in fact, happened."

He said "Only the most naive person could believe that Union Electric did not know that Hodge would end up with some of Browning's fee."

Stoddard said Union Electric officials had persisted in questioning before the grand jury on the stand that they hired Browning as a lobbyist on a bill which permitted the firm to dissolve its Illinois subsidiary and thus escape Illinois franchise taxes, and that they did not know of any connection between the lobbying fee and Hodge.

The grand jury was investigating a possible violation of the federal law which prohibits utilities from making a political campaign contribution to a public official.

Stoddard also said "it was the opinion of the criminal division of the Department of Justice" that the law banning political campaign contributions by lobbyists "would not reach to a payment to

Water Leaving City; Lowlands Still Covered

Traffic Restored On Rt. 34 North And Rt. 13 East

Harrisburg today was recovering rapidly from the record nine and a half inch rain that inundated many parts of the city and flooded vast acreages in rural areas.

Water was leaving the city swiftly but lowlands around the town still looked like lakes.

Traffic was restored on Route 34 north at 7:15 a. m. and on Route 13 east at mid-morning, leaving Route 45 north the only highway closed by water. And there were indications that Route 45 could be opened for traffic in the early afternoon.

Official rainfall for the 36-hour period beginning at 7 p. m. Tuesday and ending at 7 a. m. Thursday was 9.48 inches, Clyde Pittman, local observer for the U. S. Weather Bureau, announced. This was far too much for man-made devices to handle adequately and the community had to suffer.

Continue Pumping

The pumps which take water from within the floodwall were started at 6 p. m. Wednesday and were continuing in operation today. Water that was about four feet deep in spots of north Harrisburg yesterday morning was down to a foot and a half or two feet today.

Water went down fast in West Harrisburg and today the north part of town was returning to normalcy. Water was dropping in the east part, too.

It was estimated that the Red Cross handled 40 evacuation cases, moving families from water-surrounded and water-filled houses. There was no way of knowing how many families picked up on their own and went to stay with relatives and friends.

Muddy, which was marooned yesterday by high waters, could be reached this morning by Route 45 from Eldorado.

Sneed Jordan, superintendent of streets and alleys, said his men were busy today hauling away tree limbs that fell during Tuesday night's storm and that streets would have to be cleaned of mud.

"We have a lot of work to do but plan to get around to every street although it may take a little time," he stated.

There was normal toll service today at the Harrisburg exchange of the General Telephone Co. of Illinois but many city and rural telephones were still out. However, employees were adding phones to the list of those in operation every hour.

Farmers definitely were having their problems because of the water. There will be a lot of wheat damage and the wet fields will affect corn planting plans, it was stated. One estimate was that only about two out of ten farmers have planted corn. For maximum yield, corn should be planted by May 20, it was stated, although it can be planted up until about a month later.

It was learned today that a big barn owned by Willis and Carroll Rector, containing 2,500 bales of hay and other items, was destroyed with all its contents early Tuesday night when hit by lightning. The barn is on what was formerly known as the Baker farm a quarter of a mile east of Big Saline church in Mountain township.

May Surpass Million

Reveal Looting of Funds in Cook County Treasurer Office

CHICAGO (U)—Investigators searched dusty files today for records they hoped would tell them the whole story of a wholesale looting of the Cook County (Chicago) treasurer's office.

State's Atty. Benjamin Adamowski said the plunder might total more than one million dollars and likened the thefts to former State Auditor Orville E. Hodge's \$2,500,000 raid on the Illinois treasury.

Adamowski and County Treasurer Herbert C. Paschen revealed the wholesale looting Thursday.

They said an audit has pinned down the systematic theft of at least \$444,299 from the county treasurer's tax foreclosure fund.

But Adamowski said the shortage involved is at least a half million dollars and may exceed a million.

"This is a fantastic jigsaw puzzle and the pieces are just beginning to fall into place," he said.

Adamowski ordered a grand jury investigation and subpoenaed all books and records for the past 10 years from the treasurer's office.

Investigators sought specifically the records of two previous treasurers, Louis E. Nelson and the late John B. Brenza. Nelson served from December, 1946, to December, 1950, and Brenza from December, 1950, to December, 1954.

Some of the records of the two former treasurers have been locked in vaults in the basement of the county building. Brenza's relatives and Nelson have held the keys. They promised to cooperate in the investigation.

Adamowski said the funds were embezzled by issuing fraudulent vouchers authorizing payments from the tax foreclosure fund and later destroying the vouchers.

Investigators traced the false vouchers through microfilm records in the county auditor's office.

At least three of the phony checks were issued to a fictitious person, investigators said, and cashed through the Southmoor Bank and Trust Co. where Hodge cashed his forged checks.

Adamowski said it probably will

'Clean House—Or Else'

Walter Reuther, vice president
of the AFL-CIO, has now taken the
Teamsters' union affair to its ulti-
mate stage. He threatens a com-
petitive truck drivers' organization
if the Teamsters fail to clean house.
Obviously he hopes it won't come
to that, that instead the present
union will get rid of Dave Beck,
its president, and other errant of-
ficials and get back on the track.

If it does not, the clear warning
is that the federation will throw
the Teamsters out and set up a new
organization. Since that very
course was followed with the rack-
et-ridden International Longshore-
men's Association, the Teamsters
can well imagine that Reuther is
n't kidding.

The defiance of federation au-
thority being uttered by Teamster
officials will avail them little.
There is no doubt the organization
does have the power to suspend
or oust any erring union. The
affected union isn't likely to im-
press the public or anybody else
by arguing that it isn't so.

The only thing the Teamsters
can do now to make an impact on
the American people and the labor
movement particularly is to heed
Reuther's warning. If they choose
to snort instead, they may not
have too many more breaths to
draw in good company.

"It Seems to Have Calmed Down Somewhat"

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON SAYS:
Certain Senate Economies
Must Make The Kremlin
Laugh; Senate Won't Curtail
Its Own Lunches Or Business
Subsidies; It Does Curtail U.
S. Budget For Cold War Pro-
paganda.

WASHINGTON. — The Krem-
lin must be having a lot of fun
watching the antics of the U. S.
Senate these days.

Last week the Senate spent al-
most one whole day harassing
and curtailing the U. S. Infor-
mation Agency which combats Rus-
sian propaganda.

Simultaneously, the Kremlin was
doing the following:

1. Staging another world peace
conference at Colombo, Ceylon
next month.
2. Sending mobile exhibits of
Hiroshima victims around India
and Southeast Asia to show the
horrors of U. S. atomic wars.
3. Preparing for the 6th World

Youth Festival in Moscow in July
which big delegations of young
Africans will attend — expenses
paid by Moscow.

4. Filling the airwaves with
charges that the U. S. A. is prepar-
ing for aggressive atomic war.

5. Spending \$125,000,000 on
documentary films alone as
against the total U. S. infor-
mation budget voted by the Senate of
\$89,000,000.

The cut which the Senate voted
in U. S. information funds was
\$15,000,000. A few days later here
is what the Senate voted for oth-
ers:

Voted a \$30,000 subsidy to give
cheap lunches to senators.

Voted \$100,000,000 indirect sub-
sidy to bankers by giving them gov-
ernment deposits interest-free.

Voted a \$30,000,000 subsidy for
western miners and mining com-
panies.

Voted various public works
which will help individual sena-
tors get re-elected but won't help
wage the cold war against the
Kremlin.

If the Kremlin isn't laughing, it
just hasn't got a sense of humor.
RAZOR VS. MEAT-AX

Most conscientious economizer
in Congress is Sen. Paul Douglas
of Illinois, the former economics
professor at the University of Chi-
cago who enlisted in the Marine
Corps as a private at the age of
50. Douglas economizes with a
razor, not with a meat-ax. Here
is part of his record.

"My purpose in rising is to help
keep Secretary Humphrey's hair
from curling," he said, as the Sen-
ate voted on a 7 per cent increase
for the personal staff of the secre-
tary of the treasury who wanted
the budget cut. "There is no bet-
ter place to do than than right in
his own office."

The Senate, however, overruled
Douglas.

"I propose cutting \$2,000,000
from the 1958 funds requested for
Coast Guard facilities," continued
the persistent Illinois Democrat.

Douglas' fellow senators did not
agree. They preferred to keep
pork in the budget. Sen. A. Willis
Robertson (D., Va.) protested that
his state needed a new Coast
Guard lighthouse station. Charles
Potter (R., Mich.) insisted on new
Coast Guard barracks at Sault
Ste. Marie.

The senator from Illinois next
shifted to a hidden \$100,000,000
bank subsidy in that treasury bud-
get, proposed that at least \$10,
000,000 be knocked out.

"The amendment which I have
offered would reduce . . . a hidden
subsidy which the treasury now
pays to the banks by making huge
deposits of public funds without
receiving an interest payment in
return," Douglas declared.

"The banks are able to increase
their earnings approximately \$100
million a year by these interest-
free deposits," said Douglas. He
demanded that they pay 2 per
cent. He was overruled.

Douglas next exposed an esti-
mated \$185,000,000 in Post Office
subsidies to the railroads, for
hauling parcel post and surplus
baggage-car space for mail.

"This," said Douglas "is a test
of whether power and wealth are
going to remain in the saddle, or
whether government activity is to
be carried on in the interest of
the public who now pay these ab-
surd and illegal overcharges
through excessive mail rates or
through taxes."

Ambassador Ricardo Arias of
Panama—I appreciate your advice

pointing out that the United States
did not buy the Panama Canal,
but rather that Panama granted
the Canal Zone to the United
States. Thus, you point out, the
United States could not sell or
even lease the Canal Zone, as if
it was the actual owner, nor could
it use the Canal Zone for any pur-
pose other than the maintenance
and protection of the canal.

Thanks also for the assurance
that Panama will never be a prey
to Russian propaganda and fall
for Nasserism . . . Correction:

Friends of Sen. Lyndon Johnson
have suggested that I was unfair
to him in reporting that he delib-
erately stayed out of Washington
during the recent Democratic din-
ner, thereby boycotting the Tru-
man-Stevenson wing of the Demo-
cratic party. Lyndon's friends

point out that he had not known
about the dinner until March by
which time he had accepted two
conflicting engagements in Texas
that he could not break. However,
he purchased one table of ten
\$100 tickets or \$1,000; also helped
sell, with his staff, a total of 230
tickets. In fairness to Senator
Johnson, I am delighted to present
these facts . . . J. Irvin Walden,
Sarasota, Fla. — I have your let-
ter correcting my statement that
Senator Smathers of Florida re-
fused to introduce Adlai Stevenson
in Tampa in 1952 unless he was
given a chance during the intro-
duction to explain why he couldn't
entirely support Stevenson.

Though you describe this as "ab-
solutely untrue," I have a photo-
stat of a letter from Senator Sma-
thers June 27, 1955, to Hampton
Dunn of Tampa, stating "I offer-
ed to introduce Stevenson, but on
condition that I make it clear that
I was not supporting FEPC at
all." According to the Associat-
ed Press, Senator Smathers went
even further on Oct. 1, 1952 by
stating that he would "be happy
to introduce Stevenson provided
he was permitted to state that he
did not agree the candidate on
FEPC, Tideland's oil or adoption
of a 'gag rule' in the Senate." The
issue is important now because of
Lyndon Johnson's idea of making
Smathers Democratic national
chairman.

Attend Rexall Meeting

Mr. and Mrs. Robert Keltner of the Rainbow Rexall Drug store were in St. Louis today, to attend a meeting of owners and managers of Rexall Honor Drug Stores. The meeting was held at the Chase hotel, under direction of Dr. John Bowles, president of the Rexall company, who was assisted by representatives of the mid-western division of that company. Its purpose was to discuss and publicize the coming fall and winter Rexall merchandising campaign.

Cancel Plans for Evacuation Of Animals at Humane Shelter

A major evacuation almost took place Thursday at the Harrisburg Humane shelter on the Dorris Heights road when waters lapped onto pens in the highest parts of the shelter grounds.

However, the water went no higher and plans for taking off 49 dogs, 22 cats and the shelter's pet goat, along with the custodian, Ed Morris, his wife and two children, all marooned, were cancelled when the water started going down.

Instead of evacuating, a high truck from the Harrisburg Dairy brought in food for the family and for the animals, and a truck belonging to William Brown and another high truck were on hand if needed.

If more rains fall and an emergency is created whereby animals will have to be moved, persons who would co-operate in handling one or more animals for the time of the emergency are asked to call Mrs. Tim Turner at 1130-R. Phone service is out at the shelter.

The society right now cannot dispose of animals because a new crematory furnace under construction is still under water.

The society pointed out that many dogs normally confined were turned loose because of the water condition and asked persons to be patient until water subsides and the society can resume normal operations within the city limits of Harrisburg.

The society also called attention to the fact that Gov. Stratton last week signed a bill which makes it a violation of the state cruelty laws to abandon an animal, either

by dropping it or by moving off and leaving it. Penalties run up to \$100.

This law was started by the local society when it secured passage of such an ordinance by the Saline county board of supervisors and other county boards in Illinois. The Illinois State Federation of Humane Societies, of which Mrs. Turner recently was re-elected vice president, sponsored the bill in this session of the legislature.

First and Fifth Graders to Register August 27, 28 and 29

Registration for first and fifth graders in the Harrisburg public schools is being scheduled for August 27, 28 and 29, at the Junior high school in the nurse's office, with entrance on Webster street. The hours will be 9 a. m. until 3 p. m.

Parents are urged to take their children, entering either the first or the fifth grade, to their family doctors immediately after the close of school, for the medical and dental evaluations required by law and so helpful to the individual child.

This service is an appraisal and not diagnostic. Often times the examining doctor finds a condition that he can explain and advises the parent regarding immediate or future watchcare and correction.

To insure the best type of medical guidance carry a urine specimen in a clean, well rinsed jar to the doctor's office for analysis.

Honor Grace Kelly

NEW YORK, May 10 (E.N.)—According to a report heard over WQXR, the radio station of the New York Times, the Consul General of Monaco reports "the Grace Kelly wedding stamps are completely sold out."—However, these stamps may be obtained from the Elmont Stamp Co.

Because the Wedding set has evoked a lively interest in stamps of Monaco, Elmont's Paris Office has prepared a collection containing the complete GRACE KELLY postage set of five stamps, the large-sized diamond Olympic set of six . . . and the recent Monacan set of four honoring Presidents Washington, Lincoln, Roosevelt, and Eisenhower; a total of 15 mint stamps for just \$1.00 to introduce Elmont's approval service.

SII to Meet

With Lions Club

Monday, May 27

Southern Illinois Incorporated will meet in Carrier Mills Monday, May 27, with the Carrier Mills Lions club which has invited businessmen of nearby towns also to be present.

A few months ago Carrier Mills started a campaign to obtain a new industry for the town, and the assistance of Southern Illinois Incorporated was sought. This meeting is a part of the program for complete understanding and cooperation between the two organizations that it is believed will have the greatest influence in bringing new industry to Carrier Mills.

Harry McAtee, president of the club, and Mayor Freeman O'Keefe are relying upon the people of Carrier Mills and nearby places to concentrate on supplying Southern Illinois Incorporated with all of the information needed to help forward aims of Carrier Mills for future economic security.

MAN OF THE WEEK In Carrier Mills

By BILL MELTON

R. J. McNew, Carrier Mills cafe operator, is a hunting enthusiast always ready and willing to listen to a good hunting story—or tell one.

Although interested in fishing and all types of hunting, R. J. can take time off from his business only during quail season. Then he and his two dogs and his trusty gun are constant companions.

R. J. is a life-long resident of Carrier Mills, the son of Mr. and Mrs. William McNew. His mother is deceased.

He has a brother, Bob, and five sisters.

Bob also is in the cafe business, operating the Crossroads Cafe. One sister, Mrs. Steve Fodor, lives near Carrier Mills, but the other four "are scattered across the country."

R. J. is a graduate of the Carrier Mills grade school and attended Carrier Mills Community high school.

He spent three years, ten months, eighteen days in the U. S. Marine Corps during World War II, enlisting in the Marines Jan. 29, 1942.

R. J. was assigned to the 3rd Division, U. S. Marines, and was fortunate in that six Saline county friends were also in that division and it was possible to visit with them many times during the more than three years in service.

Saline county boys in the 3rd Division included George Fife, Jim Hearn, Wayne Middleton, Bud Braddock, James Turner, Bruce Chambers and McNew.

R. J. received his Marine boot training at San Diego, Calif., and received jungle training in New Zealand and Guadalcanal.

He was in the initial landing at Bougainville and later was sent to a rest camp at Guadalcanal and then rejoined his outfit and took part in the initial landings at Guam.

Following his discharge from the Marines at the end of War II, McNew returned to Carrier Mills.

He has worked in the building industry as an iron worker and was employed at Joppa and also helped build the big WSL-TV tower in Harrisburg.

He also has worked for Turner-Farrar Theaters as a movie projectionist, working in both Carrier Mills and Chester.

In discussing his love for hunting, R. J. stated that he had walked all over southern Illinois in his quest for quail and had enjoyed the companionship of many other hunters and mentioned in particular some of the fine hunting trips he had made with Paul Reynolds of Harrisburg. "I seem

R. J. McNew

to have more unusual and interesting experiences when hunting with Paul than anyone," R. J. said.

He is married to the former Mrs. Olive Harwood and has two step-daughters, Joyce and Janice.

Three years ago Mr. and Mrs. McNew opened the Dari-Bar Cafe, on Route 45, just across the highway from their home.

When business is slack R. J. is always ready to "pull up a chair and talk hunting over a cup of coffee."

Student Council

Visits St. Louis

Saturday, May 18, members of the Grade School Student Council went to St. Louis for their annual trip.

The group met at the grade school at 5 a. m. and returned to Carrier Mills at approximately 10:30 p. m.

During the day they enjoyed a trip to the zoo, the Highlands, and they also saw a baseball game between the St. Louis Cardinals and the Philadelphia Phillies.

Those chaperoning and taking cars were Mr. and Mrs. Dwayne Fife and Vickie and Danny, Mr. and Mrs. Paul Russell and Paul Jr., and the sponsor, Mr. and Mrs. Howard Street and Zake and Mindy. The members going were Harold Prather, Kay Flynn, Judy Beal, Mary Overstreet, Bill Smith, Terry Elms, Mart Adams, Judy Fife, David McDonald, Johnny O'Keefe, Lydia Hitchcock, Freddie Whiting, and Jo Kathryn Gulledge.

Those in charge of music are Mike Henshaw, Beverly Beavers, and Billie Ryan.

Grade School Student Council Meets

The Carrier Mills Grade School Student Council met Tuesday, May 21, at 12:30, in Howard Street's room.

The meeting was called to order by the president, Harold Prather, and the pledge and the preamble were recited. The minutes of the previous meeting, treasurer's report, and roll call were read and approved.

During the business meeting, Student Council pins were discussed.

The meeting adjourned at 1:00.

Lions Discuss Mosquitoes, Phone Service

Two of the things that are taking joy out of life in Carrier Mills were discussed at the Carrier Mills Lions club meeting this week. One of these was the pesky mosquito; the other dissatisfaction with telephone service between Carrier Mills and Harrisburg.

Complaints were sent to the Illinois Commerce Commission chairman on the latter and a petition for help on the former to the Illinois State Health department.

Adjacent strip mining pits, filled with acid water, are the breeding place for a type of mosquito which carries the encephalitis (sleeping sickness) germ, and that is the problem that the Lions club seeks public health to abate.

Engineers from the Department of Public Health estimate that 30,000 of these disease carrying mosquitos are hatched in a six-inch square one inch thick, and that they travel 40 miles from their breeding place and live an average of three or four weeks.

Letters asking assistance are to be sent to state representatives Paul Powell and Gordon Kerr, and State Senator Glen Jones and to

Harrowing Experience

By Girls Organizing Young Women's Auxiliary and GA

Four of the five Harrisburg girls who came to Carrier Mills Tuesday night to organize Baptist Young Women's Auxiliary and Girls Auxiliary units at the First Baptist church, had a most harrowing experience during the storm which hit Harrisburg.

In the group were Miss Judy Baker, Miss Judy Franks, Miss Diana Cass, Miss Joan Priest and Miss Alice Nell Bean. After Miss Baker, who was driving her father's car, had delivered Miss Cass home, they started down south Main street in Harrisburg, to swing over to McKinley, and in the 700 block on South Main street their automobile was flooded and they had to wade and swim to safety.

Their cries for help were heard by Mrs. Marion Harlow, 700 South Main street, who took them in, and wrapped them in blankets after they had removed their wet clothing. They spent the remainder of the night in her home.

Incidentally the dresses they were wearing were old fashioned costumes, borrowed to use in giving a pageant depicting the history of YWA at the meeting held at the church in Carrier Mills. The girls appeared no worse Wednesday from their muddy baptism, but they were much chagrined and embarrassed by the fact that they had soiled and possibly damaged their borrowed costumes. More distressing was the fact that the Baker car was submerged and ruined.

Mrs. George Benson, Carrier Mills Baptist W. M. U. president, said that the people there were much concerned for the safety of the girls when the terrible storm broke shortly after they left for Harrisburg.

Elected to head the missionary auxiliaries in Carrier Mills were the following: YWA Nina Davidson, president, Betsy Ann Ammon, secretary-treasurer; G. A. Lorna Dallas, president and Elaine Starkey, secretary-treasurer. Their leader is Mrs. Frank Edmondson.

Past Matrons Club Meets At Masonic Temple

The Past Matrons club of Carrier Mills held its regular meeting and a dinner at 12:30, at the Masonic Temple with Stella Vance and Helen O'Keefe serving as hostesses. Prayer was led by Grace Henson.

Flora Citizens Adopt Destitute Family of 10 with Response to Plea

FLORA, Ill. (UP)—A despairing father who found dramatic new hope when this small southern Illinois community adopted his destitute family of 10 said today he would do anything if only he could remain here.

Gene Abney, 31, a jobless carpenter from Corpus Christi, Tex., was stranded here Tuesday night when his 1941 car broke down.

Abney had piled his wife and seven children into the ancient vehicle for a trip to Cleveland, Ohio, in hopes of finding work. But he could obtain nothing, and was heading back to Corpus Christi when the car gave out.

At the same time, his wife began having labor pains, and a short time later she gave birth to a boy at Clay County Hospital.

Abney had hit rock bottom, with no car, no money and no prospects for improving his condition.

Then, the Flora Daily News-Record learned of his plight and wrote a story, leading off with a Biblical text from the book of James, second chapter, verses 15-17:

"If a brother or sister be naked,

and destitute of daily food and one of you say to them, depart and peace, be ye warmed and filled, notwithstanding ye give them not these things which are needful to the body, what doth it profit? Even so faith, if it hath not works, is dead, being alone."

The newspaper said the Abneys needed "help and a lot of it." It urged Flora's 6,000 residents to "function as God's will intends."

Thursday, responses to the story began flowing in. The doctor who delivered the baby tore up his bill. A bank fund for the Abneys got \$75 in a matter of hours.

The Salvation Army contributed \$100, and the congregation of the Church of Christ offered to pay all the Abneys' bills—without limit. Bundles of clothes arrived for the family, and a car dealer set about obtaining a new car for the father.

The Abneys will be here for at least another week while Mrs. Abney recuperates at the hospital. But Abney would like to extend the stay indefinitely.

"I'd be willing to do anything to make an honest dollar," he said. "Perhaps, if there was a job on a farm somewhere near here..."

Alfred Criley, 87, Of Thompsonville Community, Dies

Alfred Criley, 87, died at his farm home Thursday night, three miles west and two miles north of Thompsonville. The body is in the care of the Courtney funeral home and will lie in state at the farm home today.

The funeral will be held at 2 p. m. Sunday at Mt. Zion church, south of Thompsonville. Rev. Barney Serles of Thompsonville will officiate and burial will be in the Zion church cemetery.

Mr. Criley leaves his wife Bertha Jane and three sons: Albert Elmer Criley of Lincoln, Neb.; Wayne Criley of Bellevue, Wash.; and David E. Criley of Benton.

Three Youths Feared Drowned, Turn Up At Searching Efforts

MOUNT VERNON, Ill. (UP)—Policeman John Weitz was watching search efforts for three youngsters feared drowned in a nearby creek Thursday when three youths walked up to him and asked: "What's all the excitement about?"

Authorities quickly called off the search. The three were the missing swimmers.

Tractors Detour Around Nest of Mother Bird and Her Eggs

MOUNT VERNON, Ill. (UP)—Employees at the Ed Meyer Tractor Co. are anxiously awaiting the birth of quadruplets, expected June 1.

The expectant mother is a blunder bird who is in a rut.

She has defied the elements and wheels of heavy vehicles for more than three weeks, ever since she nested in the middle of the tractor company's driveway.

Meyer has erected a barricade around the mother bird and her nestful of four speckled eggs. The tractors are taking a detour.

Bills to Drop Legal Age Stirs Up Controversy

SPRINGFIELD (UP)—A series of bills aimed at dropping from 21 to 18 the age at which boys become legal adults is expected to stir up a controversy in the Illinois Legislature before its session ends.

One effect of the bills, if they are finally approved, would be to permit males to buy alcoholic drinks at the age of 18 instead of 21.

The legal age for girls to be considered adults already is 18. The new proposals, sponsored in the House by Reps. Leo Pfeffer (D-Seymour) and Clyde Choate (D-Anna) would wipe out any distinction between legal ages of the sexes and simply define minors as persons under 18.

One bill in the series, designed to lower the age at which young men can obtain marriage licenses without their parents' consent, was killed this week in committee. Another, the key bill which would define the legal age of all persons as 18 or over, was postponed until next week.

Three others in the series were sent to the House floor with "do pass" recommendations. They change various other aspects of the state law dealing with legal age for boys from 21 to 18.

Choate is sponsor of a resolution calling for a constitutional amendment which would lower the voting age in Illinois to 18. He said he wasn't too "happy" about some of the bills in the age series, but felt he should support them to be consistent with his 18-year-old vote proposal.

The bills have numerous ramifications. Boys under 21 now may not purchase alcoholic beverages or be employed in taverns or bars. They may not be sent to prison unless they commit the major crimes for which minors may be imprisoned.

Legally, they are juveniles, and must be handled as juveniles under the law.

Florida Told to Come, Get Bedwell

CHICAGO (UP)—Florida authorities were advised today to "come and get" Edward (Bennie the Dishwasher) Bedwell, one time suspect in a double murder here, to face charges of raping a 13-year-old girl.

Bedwell's last hope of avoiding extradition ended Thursday when Chief Justice Wilbert Crowley of Criminal Court turned down his appeal in a 15-minute hearing.

The Paris, Tenn., illiterate broke down and cried when his attorney, David Bradshaw, explained to him he would have to leave Chicago's Cook County jail for Florida.

Bedwell, 21, is accused of raping the Florida girl while working as a carnival roustabout at De Land in 1953.

Commencement exercises will be held Friday, May 31.

Light Bomb Shakes Loose from Bomber, Explodes Over Desert

ALBUQUERQUE, N. M. (UP)—Kirtland Air Force Base officials disclosed Thursday that a "light" bomb shook loose from an Air Force jet bomber Wednesday and exploded over desert terrain.

Officials said the bomb, which exploded about five miles south of Albuquerque, did not cause injury or property damage. They said they withheld the story from the public for 24 hours until completion of an investigation and a search for any other explosives. The bomb shook loose from the

tried to lynch him before he left Taipei.

An Air Force spokesman at Manila said Reynolds and his family were scheduled to leave Clark AFB for the United States tonight.

A Touchy Period

So far as American military justice is concerned, Reynolds is a free man as result of his acquittal Thursday. He cannot be tried again for his life, since that would place him in double jeopardy—a violation of the U. S. Constitution.

Although there is no apparent rule against double jeopardy in Chinese law, Yeh's demand that he be tried again no doubt will be ignored.

Reynolds was tried for slaying of a Chinese laborer he caught spying on the sergeant's wife as she dried herself after a shower. The incident came at a touchy period in Chinese-American relations. Talks are due to start soon on a "status of forces" agreement whereby Chinese courts would have the right to try Americans for crimes committed off base and off duty.

Reynolds shot the peeping tom, Liu Chi-jan, twice with a .22-caliber pistol. The resulting strong feelings among the Chinese population caused the U. S. Army to open Reynolds' court-martial to the press and public.

When the verdict of acquittal was announced, there was an immediate angry anti-American reaction. The government filed a protest about the conduct of the trial. Chinese cursed Americans in the streets.

Rip Down U. S. Flag

This morning Liu's widow appeared before the American embassy to stage a "hunger strike." She carried signs in Chinese and English saying: "The killer Reynolds is innocent! Protest against the United States court-martial as an unfair and unjust decision."

Her actions inflamed a crowd of about 400. They began throwing stones and smashing the embassy's windows. Hundreds of other Chinese rushed to the scene, swelling the mob into the thousands. Truckloads of police and firemen arrived, but made no attempt to stop the trouble.

Demonstrators attacked American news correspondents watching the rioting.

In early afternoon about 300 Chinese brushed aside Nationalist police, broke through the embassy gates, ripped down the American flag and hoisted the Nationalist colors. They tried to set the building afire, then swarmed through it and smashed everything they could reach.

Another mob attacked the two-story U. S. Information Service building and wrecked its offices.

Other rioters turned on a group of American servicemen in the government post and telegraph office, but this time police rescued the soldiers before they could be touched. Postal workers saved a civilian who was attacked.

Order Restored

Anti-American violence spread throughout the city. There was no exact figure on casualties. But a Nationalist police estimate said nine Chinese were injured. An estimated dozen Americans were hurt.

Rankin conferred with Yeh and together they visited the embassy to survey the damage. On their way out, demonstrators hurled a rock through a car window when they saw the American ambassador in Yeh's vehicle.

By nightfall, order was being slowly restored, with about 800 fully armed Nationalist troops moving into the city to help keep things quiet.

Waters Receding in Southern Illinois; Threaten Other Areas

By United Press

Southern Illinois creeks today began to carry off flood waters which forced more than 90 families from their homes, and the waters disgorged into larger tributaries and rivers threatened new areas.

Police at Marion, where 50 families had to leave their homes, said the flood waters had moved into Crab Orchard Creek and high water victims began returning to their homes Thursday night to clean up the damage.

Waters receded at Harrisburg, where 40 families were evacuated, the sewage plant knocked out of service, and highways to the north and east blocked by the flood waters. Workers early today removed sandbags which blocked Ill. 34 north out of Harrisburg, and officials believed that U. S. 45 north would be opened later in the day. Ill. 13 east remained sandbagged to keep water from gushing through a levee floodgate.

Water covered the Harrisburg baseball diamond and forced moving of the regional finals in the state high school baseball tournament between West Frankfort and Norris City today to Benton.

The village of Muddy, north of Harrisburg, which voted wet in a local option election last month, was both wet and muddy Thursday as it was blocked from the north and south by high waters along U. S. 45.

The Big Muddy River at Murphysboro was still rising, but Police Chief George Rodman said there probably would be no evacuations until next week, if any are necessary then.

The Little Wabash River at Carmi rose 1.33 feet in the last 24 hours to 25.53 feet. Flood stage is 28 feet and the principal threat was from backwaters of the Ohio and Wabash rivers. Some low farm land to the northwest along Skillet Fork Creek was flooded.

The Wabash River was a foot above flood stage at Mount Carmel, with some lowlands under

water. It was expected to crest at from 23 to 24 feet next Thursday. If it does, water would surround some homes, but authorities said no evacuations would be necessary.

The Weather Bureau at Cairo said the Ohio and Mississippi

would crest at lower levels than during last month's floods. Some minor flooding was expected in lowlands in southern Illinois from Paducah, Ky., to Cairo along the Ohio, and from Cape Girardeau, Mo., to New Madrid, Mo., along the Mississippi.

The Ohio at Cairo has risen 4 1/2 feet in the last 24 hours to 39.5 feet, a half-foot below flood stage. A crest of 43 feet at Cairo was expected next Tuesday, barring further rain, but the Weather Bureau forecast further thundershowers today and Saturday.

Reducing Easy With Rennel—I Know!

CHICAGO, ILL. "I was told by a friend that Rennel Concentrate was good for reducing. I bought a bottle and now I'm recommending Rennel to friends. I was hardly able to tie my shoes as my stomach was in the way. From 199 to 178 in 6 weeks time is my story. While following the Rennel home recipe I ate well and felt excellent all the time. I was reducing. Rennel is truly a sure, safe, easy way to reduce and it cost little." So writes R. M. Bradley of 4118 N. Damen. Get Rennel at your drug store.

In Memoriam
In memory of Hosea Parks, who
passed away two years ago May
24, 1955:
We little thought when you left
home,
You would return no more.
That when the evening sun had set,
You would be on heaven's shore.
God gave us strength to bear it,
And courage to meet the blow,
But what it meant to lose you,
This world will never know.
Sadly missed by his wife and

Rotary Ends Annual Convention

LUCERNE, Switzerland (AP) — The 48th Rotary International convention ended today with a pledge to renew "that spirit of personal dedication, which carried Rotary to the far corners of the earth in a brief span of 50 years."

Rotarians sent 9,480 delegates from 78 countries to the five-day convention.

Eisenhower Urges Help for Handicapped People and Nations

WASHINGTON (AP) — President Eisenhower said today America must help the "physically handicapped nations of the free world" just as it helps the handicapped at home.

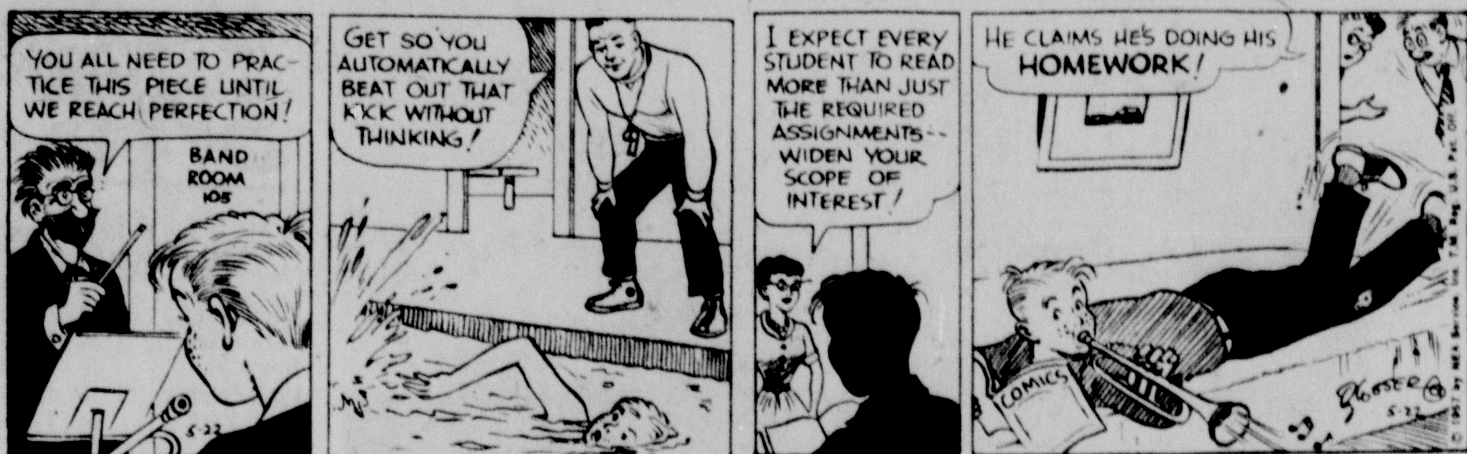

"As they grow stronger, we grow stronger," he said in a brief address at the annual meeting of the President's Committee on the Employment of the Physically Handicapped.

Eisenhower said the United States should apply the same principles of help to underdeveloped nations as it does to physically handicapped Americans—to help them become "earning and contributing members of society."

McClellan Named Father of Year

NEW YORK (AP) — Sen. John L. McClellan (D-Ark.), father of five children, was named father of the year today by the National Father's Day Committee.

The committee, which promote the celebration of Father's Day June 16, cited McClellan for his work as chairman of the special Senate committee investigating labor racketeering. It said the senator was respected throughout the country as a "fair and high-minded American citizen."

NO BALL GAME TODAY—The above photo of the VFW base-
ball park near the fairgrounds was taken Thursday afternoon, when
flood waters covered all the field except a small spot between the
pitcher's mound and home plate. The Harrisburg regional high
school baseball finals, scheduled to be played at this park, will be

held this afternoon at Benton if weather permits. Teams playing
will be West Frankfort, conquerer of Fairfield, 8 to 0, and Norris
City, 13 to 3 winner over Ridgway in first round games played
here.

Cincinnati Hands Cardinals Fifth Straight Loss, 6-2; Hold 2-Game National Lead

By United Press
Manager Birdie Tebbets of the
Cincinnati Redlegs was really
chirping today over the sudden
emergence of southpaw Don
Gross as a starting pitcher.

Strapped for pitching talent
three weeks ago, Tebbets pulled
Gross out of the bullpen and started
working him into Cincinnati's
regular rotation. It was a move
that could lead the Redlegs to
their first National League pen-
nant since 1940.

Since getting his big chance,
Gross has posted four straight
victories for the front-running
Redlegs, including a 6-2 decision
over the St. Louis Cardinals
Thursday night that enabled Cin-
cinnati to open a two-game lead
over the idle Milwaukee Braves.

What's the story behind the sud-
den success of a pitcher who was
farmed out to Havana last year
"for experience," and now has al-
lowed only 24 hits and seven
earned runs in his last four
games?

Throwing Change-Up
According to Tebbets, Gross,
with the help of coach Tom Fer-
rick, has learned to throw a
change-up pitch almost overnight.
"The story of every unsuccess-
ful pitcher is the story of one ex-
tra pitch he needed to win," ex-
plained Tebbets. "Many were
made by finding it. For instance,
Carl Hubbell with his screwball,
Elroy Face with his forkball, and
Bob Feller and Hal Jeffcoat with
their sliders."

"This change-up pitch could
make Gross" the art iculate Cin-
cinnati manager added hopefully.

In Thursday night's game—the
only scheduled major league con-
test — manager Fred Hutchinson
shook up the slumping Cardinals
by switching third baseman Ken
Boyer to center field, moving
shortstop Eddie Kasko to third,
and using Eddie Miksis in right
field.

Cards Drop Fifth Straight
But with Gross tossing that
change-up pitch, the Cardinals
looked helpless in suffering their
fifth straight defeat. Gross, al-
lowed only three hits until the

ninth when he gave up singles to
Don Blasingame, Stan Musial and
Wally Moon.

Moon's single with two out
scored Blasingame and extended
his hitting streak through 16
straight games. Taking no
chances, Tebbets then yanked
Gross in favor of Tom Acker, who
retired pinch-hitter Joe Cunn-
ham on a game-ending liner to
right fielder Wally Post.

The Redlegs, meanwhile, had
rapped loser Lindy McDaniel for
five runs in the third inning.
Post's two-run homer and a two-
run single by Roy McMillan fea-
tured the big inning. Musial hom-
ered in the fourth inning, while
Post knocked in Cincinnati's sixth
run with a single in the sixth.

The Yankees snapped out of
their doldrums by rolling to a 17-
hit, 10-7 victory over the Dodgers
Thursday night in a benefit exhi-
bition game.

Kiwanis Organizing Teams for Play in Summer Baseball Program

Plans are underway by the Har-
risburg Kiwanis club to organize
teams for the Kiwanis baseball
league this summer.

C. H. Shingler, 17 South Mill
street, is chairman of the program
for the Kiwanis club and an-
nounces the following teams and
rules for play:

Four leagues will be organized
—the Pony league for players 8 to
10 years old; Kitty league for
players 11-12; Three-I for play-
ers 13-14, and the National Lea-
gue for boys 15-17. A player must
not have reached the top age limit
by Aug. 1 in any league.

No team may have more than
four players who were nominated
to the honorary all-star teams at
the end of last season and teams
may not have more than 15 play-
ers including a playing manager.

Deadline for entry of teams
will be June 3 and actual league
play is expected to begin June 10.

An entry blank will be found
occasionally in The Daily Regis-
ter on which team players may be
listed and the entry blanks should
be mailed or presented to C. H.
Shingler, 17 S. Mill street, Har-
risburg, Ill.

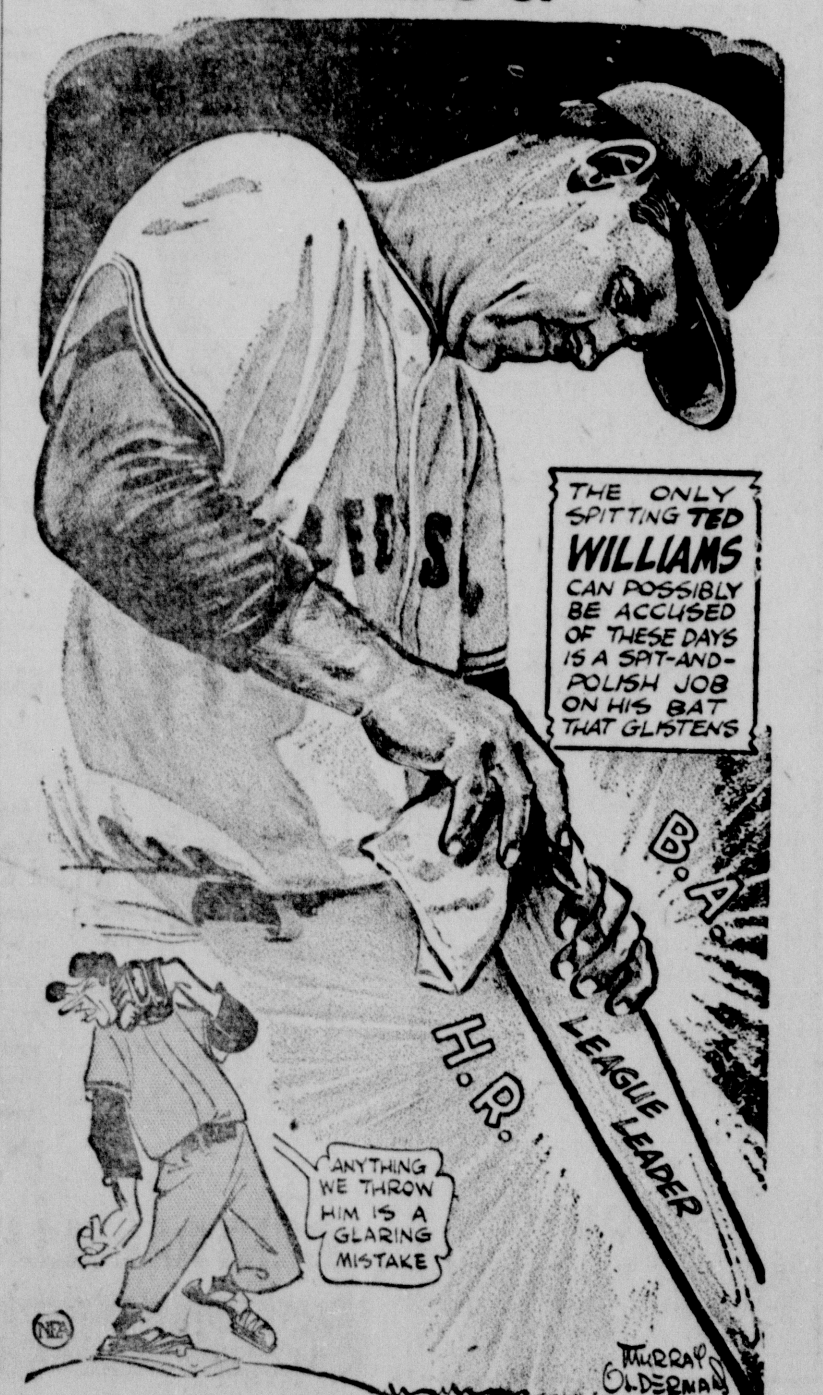

A special application is in-
cluded in the blanks which will enable
any player not connected with a
league to apply for play in the
summer program and he may be
assigned to a team which has not
reached its player limit.

Mr. Shingler also will have en-

Due to the high water all games

All four men looked at the old lady to see how she would take it. Her expression did not vary by a flicker; but it seemed to Allan that her grip tightened on the arms of her chair, and that her eyes looked perfectly beastly.

"I am sure that you are right when you say that Seknou has a great part to play in the times ahead," said Allan, "... and nothing could be more right than the family of Al Merhametsiz, with all its traditions of leadership, and all the influence which it has over all the Seknougais, should be the people to lead it in these new times. ... But I say this with affection for you, my cousins, and with gratitude for your kindness to me: You are making a mistake about the nature of these new times. They aren't times for rebellion and warfare, for rising up and driving out the French or anybody else by force. ... What was suitable for 200 years ago is not suitable for these days. You may win a temporary victory against the French, while they are busy suppressing the rising elsewhere; but sooner rather than later they will crush you again. ... The French will not come with sailing ships and horses and camels from bases days or weeks away; they will come with warships and aircraft and bombs. ... Your plans are not twentieth century plans at all. They will fail, and once again the family of Al Merhametsiz, the natural leaders of Seknou, instead of leading all the Seknougais as is their right and their duty, will disappear into obscurity again."

There was a roar from the regal figure in the throne chair. It was a roar of rage a lioness might give if one were to meddle with her cubs. The room echoed with it, and the little tables seemed to dance. She had risen to her feet, and her sons had risen too, staring at her. Allan was also staring at her fascinated, for never in his life had he heard such a sound, or seen such a truly royal rage. She stood for a moment with her breast heaving, and then, thrusting her head forward, she spoke to Allan, giving Camille no chance to translate and apparently careless of whether or not Allan could understand.

George said at Allan's ear, "She is cursing you." She broke off and again Georges' voice whispered, "We are to look you up." He ventured only to say to Camille, "May I say one thing to your mother?" but the only acknowledgment was a blow on the mouth from Camille's fist which set his head buzzing. He was aware of being thrown onto the ground; and of an iron bar being shot in the door behind him. Allan had actually dropped off for a little on his pile of rugs. He

INITIATING ELEVEN ELDORADO Township high school students into the National Honor Society Tuesday night were, left to right, Eva Lee Hopkins, June Cummings, Mary Jo Davis, Jon Montgomery, Ora Paul Hausser and Rita Waller. (Register Staff Photo)

11 Initiated Into Eldorado High School National Honor Society

The third annual initiation banquet of the Eldorado Township high school chapter of the National Honor Society was held Tuesday evening with a class of eleven accepted into the society.

To be eligible for the National Honor Society a student must have completed at least two semesters of high school work and maintained an average of 4.5.

The initiates were Judy Broad-

hurst, Shirley Cochran, David Duncan, Ronnie Hall, Joyce Hirst, Lynda Irvin, Connie Pemberton, Linda Pulliam, Barbara Renshaw, Loretta Sinks and Violet Wright.

Master of ceremonies for the initiation was Jon Montgomery, president of the ETHS chapter, assisted by Mary Jo Davis, secretary, and Eva Lee Hopkins, June Cummings, Ora Paul Hausser and

Rita Waller, who explained the four points of the National Honor Society—Character, Scholastic, Leadership and Service.

The program opened with the invocation by Rev. Clark Yost, an address of welcome by W. A. Knoop, principal of ETHS, and Dr. Quentin Wilson, vice president of the Rotary club, sponsor of the banquet, spoke briefly. Entertainment included vocal solos by Cynthia Baker and Judy Barker, who accompanied each other at the piano.

Active members of the ETHS chapter, National Honor Society, were Judy Bramlet, Faye Cheek, Myra Cox, June Cummings, Mary Jo Davis, Ruth Ann Durham, Madeline Edmister, Beverly Hall, Glenda Hall, Ora Paul Hausser, Eva Lee Hopkins, Neil Jones, Jon Montgomery, Rita Waller and Patricia Watson. Three of this group—June Cummings, Rita Waller, and Ora Paul Hausser—are charter members of the organization.

Although members of the freshman class are not eligible for membership, those with high scholastic averages and considered outstanding prospects for membership served the meal. Servers Tuesday were Cynthia Baker, Jared Baker, Peg Barker, Nick Barker, Donna Behnke, Linda Bruce, Shirley Bruce, Ronnie Carter, Sandra Cooper, Carol Jones, Pat Lasseter, Marilyn Stearns, Helen Spencer and Richard Wettaw.

The National Honor Society at Eldorado is co-sponsored by Mrs. Laura McDermott and J. Ward Barnes.

"SWELL" PALS — Five-year-old Mimi Ard, of Cheswick, Pa., and her French poodle Cliquot both got their lumps—via the mumps. Medical science says it's almost impossible for a dog to have mumps, but an incredulous veterinarian confirmed that Cliquot caught the ailment while playing with the child. So Mimi and her pet are lumped together in convalescence.
